

POWERTEC®

Adjustable Face Shield

The **POWERTEC 72428 Adjustable Face Shield** is designed to stand up to harsh working conditions. It features an anti-fog, scratch-resistant visor, adjustable headgear and four absorbent sweatbands (1 pre-attached). The perfect blend of toughness and comfort for various jobs.

WARNING

Risk of personal injury. The Face Shield does NOT provide unlimited protection and it must be worn the whole time you're exposed to hazards.

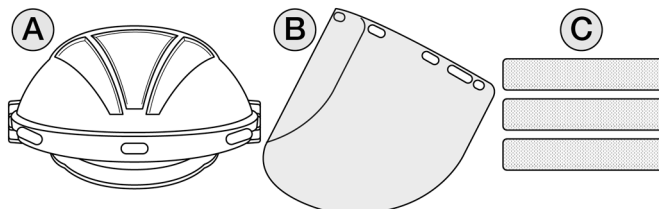

- Refer to ANSI Z87.1 to your supervisor, or a safety specialist to ensure that you are wearing proper protection. Some operations may require machine guards or other safety equipment.
- The Face Shield is NOT fire resistant. Leave the work area if dizziness or irritation occurs.
- The Face Shield does NOT provide sufficient protection against flying particles, objects, or liquids. Use correct protection to protect against these hazards.
- Exposure to or contact with chemical vapors or liquids may cause surface cracks or other damage, and may reduce impact resistance. Replace Face Shield IMMEDIATELY.
- Do NOT modify or use the Face Shield for any applications other than that for which it was designed. Do NOT use the Face Shield for athletic games, paint-ball, or other recreational activities.
- Do NOT use this product for protection against laser light.
- This product can expose you to chemicals including Bisphenol A (BPA), which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.

UNPACKING CONTENTS

NOTE: Check for shipping damage. Check immediately whether all parts and accessories are included.

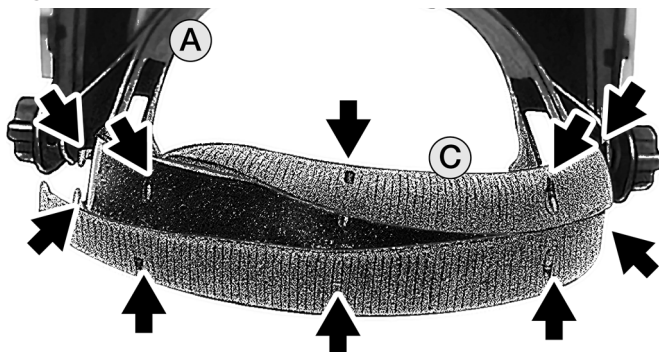

ITEM	DESCRIPTION	QTY
A	Headgear (with 1 Sweatband attached)	1
B	Visor	1
C	Sweatband (Spare)	3

Figure 1

ASSEMBLY

Figure 2 Attach Comfort Sweatband (C)

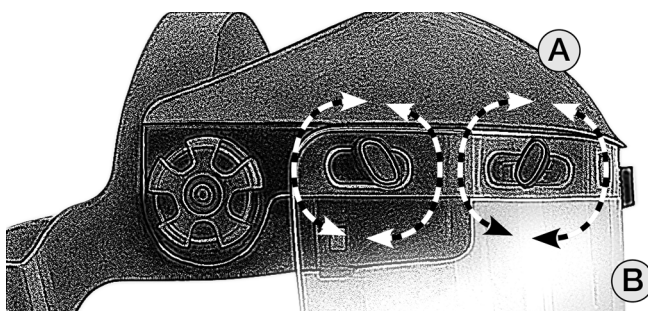

Headgear (A) comes with 1 Sweatband pre-attached.

To Change Sweatband:

- Detach worn/dirty Sweatband from hooks—remove it from Headgear.
- Attach a fresh Sweatband (C) to Headgear by placing five holes in Sweatband onto five hooks on Headgear—wrap Sweatband around Headgear. (See Figure 2)
- Place remaining five holes onto remaining five hooks—hook into place.

NOTE: *Handwash sweatbands with mild detergent and water.
*Rinse Headgear in warm soapy water. Dry with a soft cloth.

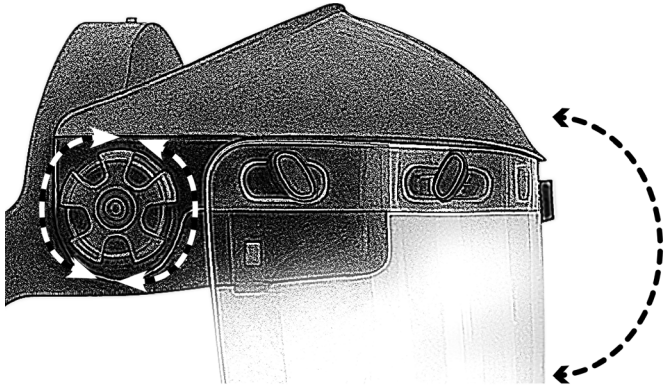

Figure 3 Attach Visor (B)

There are 5 Lock Knobs on Headgear (A). Align slots in Visor (B) top with lock knobs on Headgear. Ensure lock knobs are in horizontal position. Slide center slot over center Lock Knob, and carefully slide remaining Visor slots over lock knobs on both sides. Turn each knob vertically to secure Visor in place.

OPERATION

Figure 4 Adjust Visor Position

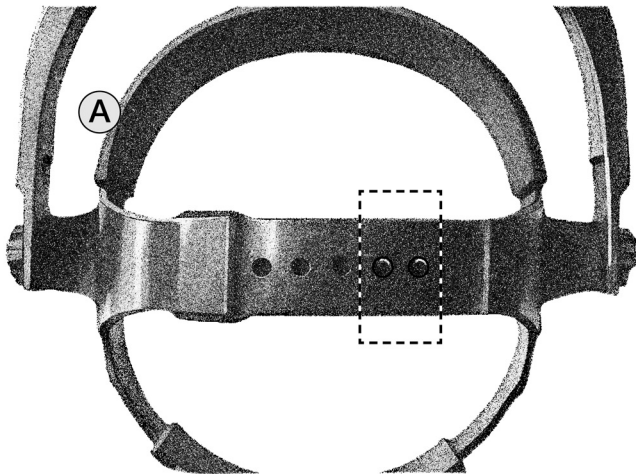

- Turn knobs counterclockwise to loosen.

NOTE: Do not fully remove the adjustment knobs.

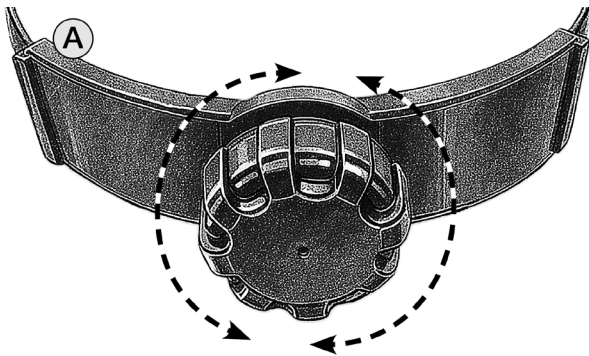

- Adjust Headgear with Visor to desired angle. Tighten both knobs to secure Headgear with Visor in place.

Figure 5 Adjust Strap Height

To adjust strap height, unpin strap locks and align with two of five holes for proper fit. Once aligned, snap into place to lock.

Figure 6 Adjust Back Fit

- Put on Headgear—while holding headband to forehead, turn rear knob to adjust fit.
- Turn knob counterclockwise to loosen, or turn knob clockwise to tighten. Test to ensure proper fit

CAUTION

Do not over-tighten or leave loose fitting.

MAINTENANCE

Figure 7 Cleaning the Visor

CAUTION

Do not use abrasive materials to clean the Face Shield.

Use only a soft, clean, dry cloth to clean the Visor. NEVER use sponges, paper towels or brushes which may scratch the visor. NEVER use soap, water, sanitizer or cleansers which can damage the anti-fog coating.

GENERAL MAINTENANCE

- Store the Face Shield in a clean, dry poly-bag or case when not in use, and keep away from direct sunlight.
- Do not store it in hot or humid environments.
- Inspect the Face Shield before every use, and replace if there are any cracks, deep scratches, or other damages.
